

CYSTIC FIBROSIS WORLDWIDE (CFW)

CONFERENCE / MEETING RECOMMENDATIONS

for People with Cystic Fibrosis

1. It is NOT advisable to share a room with other CF patients, because this increases the risk of cross infection.
2. Make sure that you have effective medical insurance that will cover you in case of emergency or illness. Bring with you all insurance documentation and your personal medical card.

For European participants residing in EU countries, bring with you your European Insurance Card and Eurocross Card, if available, in order to cover any medical needs.

3. We do not recommend attendance by participants who use continuous oxygen or do not have a stable health status. Participants who may require oxygen during the night should notify us before the event.
4. The voltage in Prague 220 volt with European standard two round-pin plugs. Please bring adapters for plugs, if necessary (Advised for British and North American tourists)
