

Transplants

2010 Transplant Games taking place this summer in the USA

The bi-annual Transplant Games are fast approaching. This July 30-August 4, 2010 the games will be held in Madison, Wisconsin. If you are interested in attending the games, please contact your state team(s) that are closest to you. You can find the list of teams at: <http://www.kidney.org/news/tgames2010/index.cfm>

Contact your state team as soon as possible. They are most likely fund raising to help the cost of the games for recipients to attend. Also, be part of the now famous "Lung Gathering" that I organize. Date and time and where to be determined soon. But this is a great time to meet, talk, take pictures, laugh, and make great new friends from around the United States. We also sign a huge banner to keep a record of your Transplant Games attendance and Lung Gathering participation.

Contact myself for more details, and also to get your name on my email list for the Lung Gathering.
